

CAPABILITY BRIEF / 2026

Technology that moves work forward.

AI implementation | Custom software | Websites | Connected delivery

THE PRACTICE

PYXAX Technologies connects strategy, engineering, implementation, and adoption. We scope the real workflow, build what fits, and define the people and controls needed to make it useful.

CORE CAPABILITIES

AI automation

Workflow design, integrations, human review.

AI implementation

Copilot adoption, governance, training.

Websites & experiences

Accessible, responsive business websites.

Custom software

Internal tools and customer-facing systems.

SELECTED EXPERIENCE

77WINNER / PYXAX engagement in progress

Bilingual public website live; a broader modernization scope remains in progress.

University System of Maryland / founder experience in a prior role

Microsoft 365 Copilot adoption and executive IT support. Not a PYXAX company contract.

2022 NAICS ALIGNMENT

541519 Other Computer Related Services / primary in prior PYXAX materials

541511	Custom Computer Programming Services	518210	Computing Infrastructure Providers, Data Processing, Web Hosting, and Related Services
541512	Computer Systems Design Services	561499	All Other Business Support Services
541611	Administrative Management and General Management Consulting Services	611420	Computer Training
541618	Other Management Consulting Services	541715	Research and Development in the Physical, Engineering, and Life Sciences (except Nanotechnology and Biotechnology)
541690	Other Scientific and Technical Consulting Services	513210	Software Publishers

Service-area codes are not proof of active SAM.gov registration or award eligibility. Verify codes against the current SAM record and each solicitation. 513210 replaces retired 511210.
